# RACE IS A PREREQUISITE

## TO A HIGHER CULTURE AND RELIGION

What does Race First mean?

It means that we acknowledge the Divine Creator of the Universe who created our Blood. That the Blood He created supersedes all recorded dogma, all superficial religion. It is this eternal iron law of the Blood that we follow, established directly by the Creator himself, which cannot ever be manipulated nor construed. For without the Blood, no higher culture would be conceivable or otherwise maintained. Therefore the preservation of the nobler elements of our Blood is the prerequisite to any higher culture, which includes all religion.

**Therefore Race MUST come First.**

*“What we have to fight for is the necessary security for the existence and increase of our race and people, the subsistence of its children and the maintenance of our racial stock unmixed, the freedom and independence of the Fatherland; so that our people may be enabled to fulfill the mission assigned to it by the Creator.*

*All ideas and ideals, all teaching and all knowledge, must serve these ends. It is from this standpoint that everything must be examined and turned to practical uses or else discarded.”*

**- Adolf Hitler**

**(Mein Kampf: Volume I, Chapter VIII)**

**"If the race is in danger of being oppressed or even exterminated the question of legality is only of secondary importance."**

**- Adolf Hitler**  
*(Mein Kampf: Volume I, Chapter III)*

All religious dogma (which is meant to be divine and unchangeable) that comes into conflict with any policy that will preserve and cultivate the White Race must be subdued or otherwise removed. I encourage you to read my words and my words alone as they all align with the Law for the Prevention of Genetically Diseased Offspring officially instituted in the Reich on July 14th, 1933 How can you be a Christian "National Socialist" if such a controversial Law that was directly implemented by the Third Reich had already superseded your Christian religious dogma?

***"What we have to fight for is the necessary security for the existence and increase of our race and people..."***

***It is from this standpoint that everything must be examined and turned into practical use or else discarded."***

*(Mein Kampf: Volume I, Chapter VIII)*

*"The völkisch belief holds that humanity must have its ideals, because ideals are a necessary condition of human existence itself.*

*But, on the other hand, it denies that an ethical ideal has the right to prevail if it endangers the existence of a race that is the standard-bearer of a higher ethical ideal."*

**- Adolf Hitler**

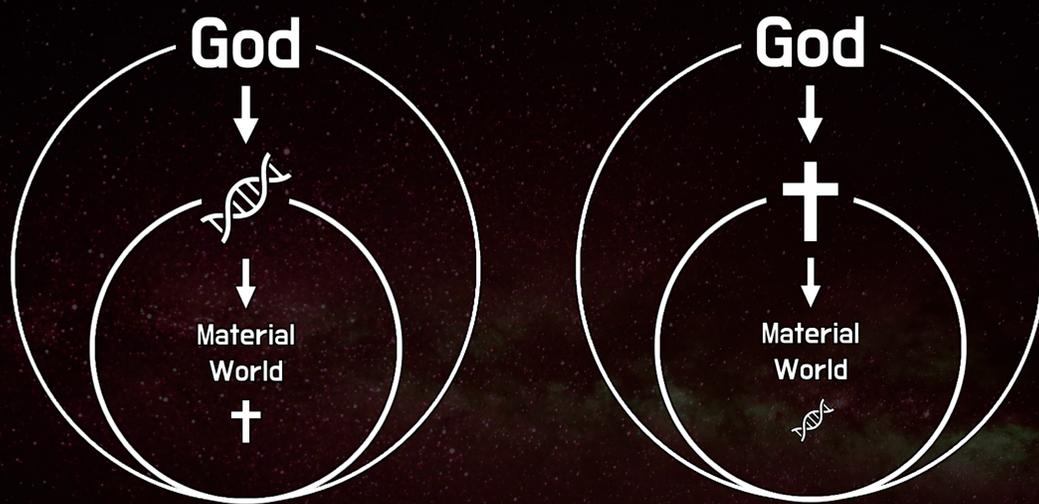

**(Mein Kampf: Volume II, Chapter I)**

*"If a people refuses to guard and uphold the qualities with which it has been endowed by Nature and which have their roots in the racial blood, then such a people have no right to complain over the loss of its earthly existence."*

**- Adolf Hitler**

**(Mein Kampf: Volume I, Chapter XI)**

Race  First      Religion First

*"What we have to fight for is the necessary security for the existence and increase of our race and people, the substinence of its children and the maintenance of our racial stock unmixed, the freedom and independence of the Fatherland; so that our people may be enabled to fulfill its mission assigned to it by the Creator.*

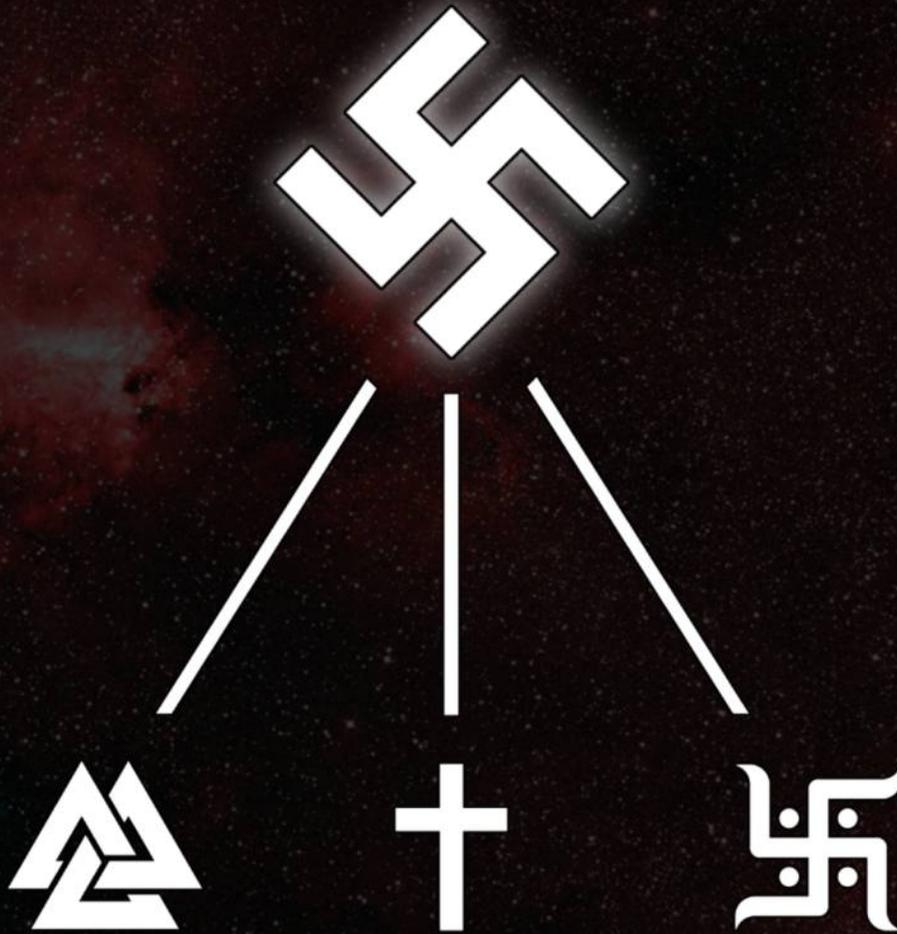

*All ideas and ideals, all teachings and all knowledge, must serve these ends. It is from this standpoint that everything must be examined and turned to practical uses or else discarded."*

(Mein Kampf: Volume I, Chapter VIII)

The preservation of the nobler elements of our Blood is the prerequisite to any higher culture, including all religions

Therefore Race MUST come First

# RACE RULES RELIGION

*"Whoever ignores or despises the laws of race really deprives himself of the happiness to which he believes he can attain.*

*For he places an obstacle in the victorious path of the superior race and by doing so, he interferes with a prerequisite condition of all human progress."*

(Mein Kampf: Volume I, Chapter XI)
