

PURGING THE POISON

ALCOHOL-ISM: THE IDEOLOGY OF DRUNKENNESS

In the J.O.G system (jewish occupation government) the intent of the masters, architects of destruction, is to contrive all manner of means by which to debase, defile and destroy the white race and indeed all so-called humans as well as all plant and animal life. The culture which is rendered popular in the J.O.G system is that which drags down to the lowest level and ultimately destroys the higher faculties of all-materializes the spiritual and creates a culture of death leading to a climate of death. Examples abound but a few should suffice before the author embarks upon a treatment of the subject matter at hand: the culture of consumerism which is an environmental devastator of planned obsolescence in which the average citizen is coerced through subtle pressure to buy ever new and qualitatively distinct goods as means of accumulating social capita ; the culture of the domestication of animals which destroys the natural lifestyle of the fauna of the earth; the culture of the mind pollution of multi-culturalism destroying the identity of peoples; the culture of hedonistic profligacy whereby the mind of the person is destroyed through hyperstimulation of the sympathetic nervous system their body destroyed through disease and germs; the culture of mind pollution of cultural marxism and the generalized entartete kultur ('degenerate culture') of the jew media which debases the mind and fills it full of self destructive contents which bring low the former heights of the consciousness of the White race.

The intent of the jew, of the jewish occupation government system, is to trap the consciousness of the White man-the only threat to the jew's system-inside of the matrix; to put it into a low vibrational frequency state that renders it incapable of cutting through the matrix and perceiving reality as it is independent of the demiurgic crystallization of reality into a lower state of materialism, low vibrational fequency, the lead of beast consciousness which traps one within a lower state of mind and enables the jew to harness him in the system as a slave to vampirize his soul energy through taxation and physical drudgery; attendance in church and other forms of slavery.

The use of alcohol necessarily, even only to the slightest extent (a single drop), debases the consciousness of the inebriate and traps him within the matrix, destroying his soul (his subtle energy bodies being largely dissipated in proportion to the quantity of alcohol consumed).The destructive influence of alcohol can be seen in the tangible product of its influence, the alcoholic: degenerated liver and body; sallow and unhealthy hue of skin; bags under the eyes; a distended belly and shrunken form. Further, the perpetual loafing around in bars creates entity attachments to the consumer of this soul-destroying nostrum from the bar or alcohol den he attends and thus having them feed off him as a debased host of his energy, these same affecting those within his environment, attaching themselves to them and further vampirizing him and his alleged loved ones through which means he demonstrates that his love lies with the bottle not his family members who must suffer the consequences of his playing host and vehicle of demonic entities that he brings home from the bar. This and the perpetual cost of the imbibation of their substance (money; reputation,etc.) renders him a candidate for the poor house or the gutter and his own biological

offspring having to follow suit should they be subject to his vile presence and the demonic entites which must inevitably attach to them through their unfortunate association with their parental unit, typically a Homer Simpson father figure who is too weak willed to play the role of a provider and educator and who sets his children up for failure as bowling pins in a drunken bowling game, callously hurling the ball of doom at them as their fate, destroying their future and lives.

The 'ism' or ideology of alcohol is created by the jew as means of causing addiction and initiating the inevitable downward spiral unto death-a sickness unto death-which the jews profit through running the liquor stores and the companies which are the purveyors of this highly addictive poison. The jew not only creates in his media the impression that it is socially acceptable and even desirable to consume alcohol but virtually mandates it as those unwilling to drink this soul destroying poison are branded with the mark of cain as an enemy of society, an anti-social person, creating a false association, a virtual equation in his dialectic of alcohol-ism and sociability the only remaining alternative being to shackle oneself through spiritual bondage to the church as a veritable slave to the jew and subject oneself to entity attachment, to the vampirization of his soul energy which soul energy is then absorbed into the jewish collective consciousness through quantum entanglement-through the aether- through the parishioner's transmitting their thought energy in the form of so-called 'devotion' and 'prayer' to the fictional egregore/thought form of (((jewsus))) and then into the collective consciousness of the jews to empower themselves as the energy vampires they are.

Thus one is coerced should they not be a christian to be an alcoholic, a habitue of the dens of iniquity run by the jew and used as a source of destructive profiteering such that he the jew amplifies his own power at the expense fo the 'goyim', especially the White 'goyim' who he targets as his greatest threat. This is the reason why all of the advertisements for the sale of drink depict Whites first and foremost as this is not only his way of appealing to them on a subconscious level (emphasis on the pretext 'sub') but of mocking and cursing them, portaying them as alcoholics and behaviourally modelling his slaves, shaping their self-understanding as a socially acceptable person, eg. an alcohol.

Thus alcohol becomes endemic given that as Aristotle said "man is a social animal". It follows from the premises that he will be an alcoholic if he is not a christian and the only alternative source of socializing is alcoholism.

The jews rub their hands with glee as the bar tab mounts up and the pockets of the goyim became emptied of their hard earned fiat currency. The money is taken from their pockets and in place negative dark energy matter entites are taken on as consideration for the purchase price.

The addictive nature of alcoholism and its influence on health; family relationships; crime; poverty and suicide is the purview of actuariasts, police and courts to concern themselves with. Unfortunately it is the concern of all and sundry as no man is an island entire unto himself and thus

everything he does affects all around him. His alcoholic violent aggression and criminal neglect for others he assumes as the mask of Mr. Hyde has an affect on all and thus must be resisted and opposed by all means and at all times. The watchword of resistance here means: nothing in excess, but also nothing bad, harmful, in 'moderation' either-as nothing inherently bad can be moderated, it is simply bad and can never be any less bad than it is. Just as Truth and Falsehood are a matter of extremes so too is acting in a a manner true to one's True Self, authentically. This entails a complete abstention from alcohol as a demonstration of animosity and resistance to the jew's culture of alcohol-ism. Resistance may prove futile to the weak of will but to the strong they can easily overcome its negative influence and further seek to pull the bottle from the mouth of the alcoholic and if need by to crash it over his head and gouge his throat with the bottleneck; salvaging his offspring from the demonic entities which have bound themselves to the Homer Simpson figure.

The culture of alcohol is encouraged and amplified becoming the central focus of the social occasion such that socializing becomes associated with 'drinking' and even referred to as such-'drinkin'. The laxity and disinhibition of the neurotic tensions of the average person who is forced to wear a mask of falsehood in his daily life and requires an artificial stimulant to release these tensions within a social setting, alcohol serves as a relaxant that allays his habitual stress if only acutely and in a fleeting manner creating an overall worse effect through the generation of uric acid, a byproduct of alcohol mtabolism in the body rendering it susceptible of increased adrenal hormone secretion, amoungst other deleterious health consequences, etc. Thus drinking alcohol becomes equivalent to socializing and to the extent that the habitual drinker/socialite ('social drinker') becomes over time and self abuse, a social drunkard he becomes further merely a drunkard, drinking alone to escape whatever neurotic inhibitions that his conscious mind must needs recognize as a matter of course in the 'daily grind' and dealing with his fellow neurotic/inhibited affiliates.

The culture of alcohol-ism is amplified through the sale and marketing of paraphernalia that perpetuates in the consciousness of the alcoholic the notion that alcohol is a popular item and thus must be an object he surrounds himself with habitually-wearing t-shirts, having coasters and mouse pads emblazoned with alcohol brand logos and collecting bottles and paraphernalia that recall to mind the consumption of alcohol and reciprocate the cycle of abuse. Thus alcohol becomes a love object embodying itself in the paraphernalia that is designed and sold by jews for this purpose- the creation of a tangible object that is the embodiment of thought forms related to alcohol consumption so that the person becomes dragged down into the pit of alcohol-ism, to the den of iniquity and the enrichment of the jews with his hard earned fiat currency, abstract representation of his life force which becomes vampirically absorbed into the jews' collective consciousness in proportion to soul destroying liquor into the body of the White man. Hence the sinister design of the jew:

"Serve me in the church as a slave and allow me to profit at your death. Either way I will profit at your expense and you will suffer the consequences, not purely as an individual but as a collective group as every one of you who harms himself wittingly or no harms his own race and thus in proportion to the degree of inebriation, visits harm upon his own kind, which is my ultimate purpose, namely to genocide you at as profitable a rate as possible".

Caveat: avoid the bottle, smash it in the face of the jew and take back your fiat currency, health and posterity's future.

ALCOHOLIZED ANIMALS

The Protocols of the Elders of Zion say: " Behold the alcoholized animals bemused with drink"-this is the influence of alcohol and drugs generally-to render the consciousness brutalized and reduce the (potentially) higher to the lower, to beast consciousness, to the level of a 'goy'.

Thus if one wishes not to be a subordinate slave he must oppose taking all drugs and this not only for himself but for all of those of his kind. To fail to oppose the culture of drugs (including alcohol which is a drug) is to support it. It can be likened to a cancer-to continue to maintain the conditions that enabled cancer to spread is to enable its metastasis and to eventually engulf the entire body's organs or at least to a sufficient extent to destroy the body through rendering its specific regions dysfunctional so too with a society and the culture which underpins its form -if the culture creates degenerative minds-as above so below-it creates degenerative bodies and destroys it from the ground up, genetical-spiritually. This is why the jew, destroyer that he is, imposes this sort of culture upon the non-jews-as means of destroying the non-jews and/or assimilating them through interbreeding with the jew into the hive mind of the latter. The force of decomposition represented by and embodied in the jew is the cancerous tumour in the body of the non-jew which spreads itself outwards virally and renders the larger whole dysfunctional.

The imbibation of alcohol is to absorb soul destroying spiritual pollution as the fumes of the substance exert a deleterious influence upon the astral body and the poison that is alcohol also being a genetic poison contaminates the physical form of the person and emanates its poison throughout the system destroying the person at all levels and dimensions and radiating outwards in its effects (the suffering and self-destruction of the individual) to harm the larger society whose health is negatively affected by this self-poisoning. This is the reason why in the third reich those who were congenitally alcoholic were sterilized-they represented a miasmatic influence upon the larger society and thus it was essential to remove their deleterious influence at the level of conception. It is only the sickly humanitarian sentimentalism of the bourgeoisie deriving itself from christianity and liberalism which stands in the path of removing the alcoholized animals and putting them in their cages where they belong, if they are able to keep their baser tendencies to themselves,

failing that they should simply be put down like a mad dog, through a lethal injection or some other treatment.

The drug addicts and the alcoholics serve the jews in good stead in the latter's degenerative influence on non-jewish society. They are the ferment or yeast of decomposition who imbibe their beverages with abandon heedless of their negative influence upon the lives of their fellows, living merely to sate their own base lust for self-stimulation in the name of 'socializing'; 'good times', aka. self pollution and other pollution. Given that the alcoholized animals live to bemuse themselves with drink and to voluntarily self-administer lethal injections, subjecting themselves to a slow kill, it would be best if they simply had administered to them by the public authority a more expedient injection in the form of a chemical poison that stills their beating heart-or failing that a lead injection like a stake driven into the heart of a vampire terminating their vampiric influence upon society and the higher culture of the Aryan.

Protocol #1 of The Protocols of the Elders of Zion: "Behold the alcoholized animals, bemused with drink, the right to an immoderate use of which comes along with freedom".

The credo of *liberalismus vulgaris* (vulgar liberalism), a concoction of the jews from the beginning (and at what time is a question given that the jews have been introducing these creeds of self-destruction seemingly from time immemorial). This creed proclaims 'freedom' its standard but begs the question from the rational man: "freedom for what; freedom from what". The unreasoning fall victim to the illusion of freedom per se, a boundless consequence free self-stimulation failing to realize that nothing is consequence free and all actions beget a reaction equal and opposite thereto. To bemuse oneself with drink amounts to the destruction of oneself at all levels and dimensions as aforesaid and thus is a creeping ill-consequence that one is free to visit upon himself in a liberal democratic/marxist regime.

This was the protocol of the jew during the soviet union: to allow the underclass to destroy themselves through drink and drugs as means of degenerating the populace and as means of eliminating the 'many too many'.

Continuing with the passage of Protocol #1: "It is not for us and ours to walk that road": the jew follows a subterranean path towards power and material wealth to walk which is difficult when one is unable to walk a straight line along the 'straight and narrow' as is the case with the alcoholized animals. The divide is clearly established between jew and non-jew: the jew positing themselves as the master race through avoiding the degenerative influence of the bottle of pseudo-spirituality, so-called 'spirits' and through having the non-jew lower themselves to a state of beast consciousness, like lampwick in pleasure island transforming into a donkey or as the only social alternative presented, like a craven lapdog of the jew, a christian chattel animal, a domesticated animal that the jewish tax farmer can

harness for self-enrichment. The bottle the Jew holds out to the non-Jew must be taken from his hand and smashed over his head rather than one's paying for their own destruction

ALCOHOL-ISM

The 'ism' of the alcoholic, devotee to the bottle which is his substitute god, source of in-spiration, his imbibition of spiritual strength with every pop of the cap and every gulp. This 'gift that keeps on taking' King Alcohol promises to make of every devotee a king in his own inebriated mind but merely renders him a king of beggars and beggar to the king (King Alcohol that is). This religion properly so-called, what people call 'drinkin' is the creed of he who has lost all sobriety of mind, who voluntarily abandons his own soberness as he can't cope with this own inner contradictions, his own demons, and so must avail himself of the assistance of King Alcohol to pluck his eye out to avoid looking upon himself in the mirror as he is too weak-willed to overcome his baser instincts and tendencies which lead downward towards the lower states of consciousness, animalistic indulgence and self-stimulation. The Jew created the culture of alcoholism to destroy the white race and alcohol is the scourge of white survival. Thus its intended purpose has worked well for the devil race of Jewhovah in destroying the better type on this earth through induction of addiction, the initiation into the Bacchic rites of Alcoholism, simultaneously spinning off profits to enrich the Jew in the continual poisoning of the masses. The criminality which stems from the fount of the bottle enables the Jew to build up his police state thereby justifying the enslavement of the masses in the name of keeping the sheeple safe in their pens.

Temperance Now! Towards a Neo-Temperance Social Movement

The tool of poisoning the mind through propagandizing the minds of the herd to look favourably upon and seek out/desire a liquid poison called 'alcoholic beverages' as if it were a mere benign and appealing thing has been one of the fundamentals of the black magic bag of tricks the Jews have at their disposal. To create the false association between the consumption of a nerve poison and the status of social prestige and togetherness is the trick most conducive in its fluidity and undetectability of destroying the souls of the 'goyim' who are the target of those who brew this poisonous substance.

The current culture(kult-you're) designed to be adopted as a socially acceptable form for normal social expression is in reality a crucible of corruption, a spider's web in which the flies are to be trapped and drained of their blood(money energy)-as the currency of their social acceptability).

The nature of alcohol as an addictive substance further perpetuates this downward spiral of health, wellness and concomitant moral integrity. A poisoned brain facilitates the poisoning of the mind, as below so above and this is the deliberate kabbalistic intent of the sorcerers' orchestrating the logic of the social with demiurgic malevolence. To destroy in the physical is to destroy egregorically in the spiritual and thereby to negate the materialization of life forms in 3-D reality.

Alcohol, by virtue of its ease of manufacture, its correlative cost effectiveness and high addictiveness make it the perfect tool of cultural/racial degeneration targeting those races most susceptible to it(those who have the genetic ability to possess it, aka. 'tolerance' and for whom it creates an apparently pleasant inebriation and relaxed state thereby creating a false association

between alcohol and relaxation/enjoyment). 'Eliminate the cause eliminate the effect'-this should be the strategy employed in rectification of the polluted culture/race of whites through this medium.

The false association needs to be severed at its root as a gordian knot of social programming and this through shaming and more positive values that creates a new and more realistic based association with alcohol and human consumption namely, physico-spiritual degeneration and addiction which perpetuates the addiction and degeneration in a negative feedback loop spinning off endless ill-consequence.

Emphasis on positive values is the cardinal point, the so-called spear point of the temperance agenda, an anti-hedonist, anti-self-indulgent agenda by default with the replacement emphasis being on a stoical contraction within as a revelation of the mind beyond the fray of divisive struggle in the cthonic plane of materiality. Concentration, meditation, contemplation is a three-fold strategy of krist-consciousness development and the existential phenomenological basis of stoical asceticism itself a springboard of concentrated and prudent action upholding the harmonious relation's between man and man and nature(cosmic and cthonic). The inner must be developed for the outer to exist-no rocket to the moon can be sent if it is only a bottle rocket.

Asceticism is thus the path to tread and is the laser guidance system of the missile of White ascension beyond the cthonic states induced by the bottle towards the heights of the Aryan.

Alcohol-ism represents the denouement of higher consciousness as a willful practical action directed against the temple of the human body; as an assault, a raising of the temple with the firebrand of will- lessness, a spineless desire to avoid and escape the harsh realities of life through chemically plucking out the eye and-it is hoped by these types-thus dispensing with the mote dwelling within. The consequence is ignorance of fact and inevitable blindness in the face of the threats inevitably besetting one on all sides. A chemical blinding leads to a blindness of the third eye through destruction of the material structures necessary for the destruction of higher consciousness

An augmentation or amplification of alcohol's influence is its further false association with sexual activity, the necessary drives universally present in man and thus given this ubiquity ripe for exploitation as a vehicle of self-pollution. Sexiness being equated with alcohol consumption.

To conjoin a fundamental activity based on innate, instinctive behaviour with a self-destructive behaviour totally unnatural and perverse is the ultimate coup d'etat of the jewish rulers for "kill the body and the head will die"- and they understand the causality inherent in things and how to exploit it. Stoicism again is the key to prevention of degeneration: temperance, ie. to curtail excess and negate the negation.

SPIRIT [ALCOHOL]

The poison of choice of the goyim: spirit, alcohol. Those who are spiritually dead have recourse to the spirit of the bottle of a purely materialistic substance to serve as a substitute for lack of their inner being which paradoxically is consumed for the purpose of warming themselves and providing them with a feeling of joy-again conditioned from without not from within and accordingly a crutch, a reliance upon external aids such that the inner is gradually broken down and eviscerated, the inner being that which is spiritual, the Spirit, destroyed through the imbibation of external spirit, ie. alcohol. Thus we see yet another instance of the hegemony of materiality, of the mundane usurping the extramundane.

Those who claim that they are drawing upon spirits (alcoholic substance) to fulfill some form of 'social' purpose are in reality merely socializing as a pretext for alcoholism and thus continuing to spiral downwards in a negative/positive feedback loop: negative in the sense of physico-spiritual degeneration, positive in the sense of addiction.

Thus people who have, through weakness of will, fallen into this downward spiral are driven forward like a whipped animal pursuing ever greater quantities of alcohol and gradually eviscerating their soul, becoming demon possessed and obsessed by whatever entites they have attached to themselves through that same weakness of will in the dens of iniquity they call 'bars'. Spiritually devolved they go the way of all flesh and find inevitable destruction as their reward. That the diabolical jew is the trafficker in and propagandist for the consumption of alcohol clearly indicates to the rational that alcohol is a destructive mechanism used for their genocide agenda which is inferrable on the basis of their control of this substance and their creation of a demand for it amongst the White masses and whatever other demographic they wish to annihilate in the most profitable way and by slow degrees through the creation of addiction and its inevitable fallout: broken homes; the degradation of the germ plasm (genetics); the ruination of the mind and general ill health.

The ease of the manufacture of 'spirit' (the false spirit, which is presumably so-called by the jews in their media as a means of mocking those whose spirits are degraded thereby) makes it a ubiquitous and nearly inevitable substance. The monopoly on the sale of alcohol renders the monopolist wealthy, filling the coffers of the minions of jehovah with endless shekels. This enabling them to justify building up the police state to provide 'safety and security' to the goyim who alcohol threatens through the inevitable crime it unleashes from the pandora's box of the bottle, stripping Dr.Jekyl of his doctor's smock and revealing Mr.Hyde within- the idic untermensch governed by irrational frenzy, the reigns of the horses of his carriage being uncontrolled by the lack of willpower he has.

Perhaps it is the demons which haunt him that spur him forward to further destruction while he tips back another bottle? Perhaps the entites which have attached themselves to him in the dens of iniquity goad him towards his inevitable destruction both in

the physical and in the spiritual—as below so above, kill the body and the head will die. That would be a tolerable loss on the altar of eugenics should he not harm other Whites with his reckless violence. The consequences of the alcoholic, spiritually debased demon possessed Mr. Hyde, serve as a testament to the violence of the genie of the bottle he uncorks, releasing the chaos upon others.

As was done in the third reich sterilization of the alcoholic should be the just way of dealing with those who pose a threat to an orderly White society. Of course that society is controlled by the jew and his shabbos goy race traitor elite and thus it follows that for the White Race to be saved from the bottle of jewish poison called alcohol they must first extricate the jew from their midst. Take the bottle from the hand of the jewish barman and liquor store owner and smash it over his skull!
