## The Ten Planks Of The Communist Manifesto

### **1. Abolition of private property and the application of all rent to public purpose.**

The 14th Amendment of the U.S. Constitution (1868), and various zoning, school & property taxes. Also the Bureau of Land Management.

Zoning – Model ordinances proposed by Secretary of Commerce Herbert Hoover widely adopted. Supreme Court ruled “zoning” to be “constitutional” in 1921. Private owners of property required to get permission from government relative to the use of their property. Federally owned lands are leased for grazing, mining, timber usages, the fees being paid into the U.S. Treasury.

### **2. A heavy progressive or graduated income tax.**

Misapplication of the 16th Amendment of the U.S. Constitution, 1913, The Social Security Act of 1936.; Joint House Resolution 192 of 1933; and various State “income” taxes. We call it “paying your fair share”. Corporate Tax Act of 1909. The 16th Amendment, allegedly ratified in 1913. The Revenue Act of 1913, section 2, Income Tax. These laws have been purposely misapplied against American citizens to this day.

### **3. Abolition of all rights of inheritance.**

We call it Federal & State estate Tax (1916); or reformed Probate Laws, and limited inheritance via arbitrary inheritance tax statutes. Partially accomplished by enactment of various state and federal “estate tax” laws taxing the “privilege” of transferring property after death and gift before death.

### **4. Confiscation of the property of all emigrants and rebels.**

We call in government seizures, tax liens, Public “law” 99-570 (1986); Executive order 11490, sections 1205, 2002 which gives private land to the Department of Urban Development; the imprisonment of “terrorists” and those who speak out or write against the “government” (1997 Crime/Terrorist Bill); or the IRS confiscation of property without due process. The confiscation of property and persecution of those critical – “rebels” – of government policies and actions, frequently accomplished by prosecuting them in a courtroom drama on charges of violations of non-existing administrative or regulatory laws.

### **5. Centralization of credit in the hands of the State, by means of a national bank with state capital and an exclusive monopoly.**

#### WHAT IS PROPERTARIANISM?

Propertarianism is a formal logic of morality, ethics and politics – and the necessary basis for a non-arbitrary, value-independent, universal, body of law. One in which any and all political orders can be constructed; and with which all questions of morality, ethics and politics are commensurable and all moral ethical and political propositions are decidable. Propertarianism supplies the missing logic - the logic of cooperation.

#### PURPOSE

To convert western aristocratic egalitarian philosophy into rational and scientific terms: Anglo Conservatism is the remnant of the European Aristocratic Manorial system and the Classical Liberal philosophy of the Enlightenment combined with our ancient indo-european instincts for group persistence and land-holding: truth-telling, the jury, and heroism.

This philosophy - which separates the west from the rest - currently consists as a set of sentiments rather than as an rationally articulated philosophy expressed in scientific terms. And without that rational articulation, conservatives lack the ability to create and promote a plan that is a positive and rhetorically defensible alternative to the hazards of accidental bureaucracy and purposeful socialism.

We call it the Federal Reserve which is a credit/debt system nationally organized by the Federal Reserve act of 1913. All local banks are members of the Fed system, and are regulated by the Federal Deposit Insurance Corporation (FDIC). The Federal Reserve Bank, 1913- -the system of privately-owned Federal Reserve banks which maintain a monopoly on the valueless debt “money” in circulation.

## **6. Centralization of the means of communication and transportation in the hands of the State.**

We call it the Federal Communications Commission (FCC) and Department of Transportation (DOT) mandated through the ICC act of 1887, the Commissions Act of 1934, The Interstate Commerce Commission established in 1938, The Federal Aviation Administration, Federal Communications Commission, and Executive orders 11490, 10999, as well as State mandated driver’s licenses and Department of Transportation regulations. Federal Radio Commission, 1927; Federal Communications Commission, 1934; Air Commerce Act of 1926; Civil Aeronautics Act of 1938; Federal Aviation Agency, 1958; becoming part of the Department of Transportation in 1966; Federal Highway Act of 1916 (federal funds made available to States for highway construction); Interstate Highway System, 1944 (funding began 1956); Interstate Commerce Commission given authority by Congress to regulate trucking and carriers on inland waterways, 1935-40; Department of Transportation, 1966.

## **7. Extention of factories and instruments of production owned by the State, the bringing into cultivation of waste lands, and the improvement of the soil generally in accordance with a common plan.**

We call it corporate capacity, The Desert Entry Act and The Department of Agriculture. As well as the Department of Commerce and Labor, Department of Interior, the Environmental Protection Agency, Bureau of Land Management, Bureau of Reclamation, Bureau of Mines, National Park Service, and the IRS control of business through corporate regulations. Depart-ment of Agriculture, 1862; Agriculture Adjustment Act of 1933 — farmers will receive government aid if and only if they relinquish control of farming activities; Tennessee Valley Authority, 1933 with the Hoover Dam completed in 1936.

## **8. Equal liability of all to labor. Establishment of Industrial armies, especially for agriculture.**

We call it the Social Security Administration and The Department of Labor. The National debt and inflation caused by the communal bank has caused the need for a two “income” family. Woman in the workplace since the 1920’s, the 19th amendment of the U.S. Constitution, the Civil Rights Act of 1964, assorted Socialist Unions, affirmative action, the Fedral Public Works Program and of course Executive order 11000. First labor unions, known as federations, appeared in 1820. National Labor Union established 1866. American Federation of Labor established 1886. Interstate Commerce Act of 1887 placed railways under federal regulation. Department of Labor, 1913. Labor-management negotiations sanctioned under Railway Labor Act of 1926. Civil Works Administration, 1933. National Labor Relations Act of 1935, stated purpose to free inter-state commerce from disruptive strikes by eliminating the cause of the strike. Works

This lack of an articulated philosophy leaves conservatives vulnerable in the public debate with Schumpeterian public intellectuals whose advantage in both volume of production, and simplicity of argument poses a nearly insurmountable challenge.

Propertarianism solves this problem of supplying a necessary, sufficient, and formal articulation of western aristocratic egalitarianism we currently all conservatism and anglo libertarianism.

Progress Administration 1935. Fair Labor Standards Act of 1938, mandated 40-hour work week and time-and-a-half for overtime, set “minimum wage” scale. Civil Rights Act of 1964, effectively the equal liability of all to labor.

### **9. Combination of agriculture with manufacturing industries; gradual abolition of the distinction between town and country by a more equitable distribution of the population over the country.**

We call it the Planning Reorganization act of 1949 , zoning (Title 17 1910-1990) and Super Corporate Farms, as well as Executive orders 11647, 11731 (ten regions) and Public “law” 89-136. Food processing companies, with the co-operation of the Farmers Home Administration foreclosures, are buying up farms and creating “conglomerates.”

### **10. Free education for all children in government schools. Abolition of children’s factory labor in its present form. Combination of education with industrial production, etc. etc.**

People are being taxed to support what we call ‘public’ schools, which train the young to work for the communal debt system. We also call it the Department of Education, the NEA and Outcome Based “Education” . Gradual shift from private education to publicly funded began in the Northern States, early 1800’s. 1887: federal money (unconstitutionally) began funding specialized education. Smith-Lever Act of 1914, vocational education; Smith-Hughes Act of 1917 and other relief acts of the 1930’s. Federal school lunch program of 1935; National School Lunch Act of 1946. National Defense Education Act of 1958, a reaction to Russia’s Sputnik satellite demonstration, provided grants to education’s specialties. Federal school aid law passed, 1965, greatly enlarged federal role in education, “head-start” programs, textbooks, library books.
